Overview

The Naval Service is based in Haulbowline, Cobh, Co. Cork and is the State's principal seagoing agency with a general responsibility to meet contingent and actual maritime defence requirements. It is a multi-tasked organisation operating a fleet of six ships of which four are operational. The fleet is equipped with state of the art machinery, weapons, communications, and navigation systems. The Naval Service fleet comprises of four Offshore Patrol Vessels, LÉ Samuel Beckett, LÉ James Joyce, LÉ William Butler Yeats and LÉ George Bernard Shaw. Earlier this year the Naval Service took delivery of two Inshore Patrol Vessels providing the Naval Service with an enhanced capacity to operate and undertake patrols in the Irish Sea on the East and South East Coast. Both vessels will be named and commissioned into the Irish Naval Service before commencing their operational service at the start of 2024.

16. Retirement benefits

This should be read in conjunction with **Paragraph 12 (Pay, Allowances and PRSI)** and **Annex A**.

Members of the Permanent Defence Force (PDF) may qualify for retirement benefits (also called *superannuation benefits*), provided they meet certain terms and conditions. The superannuation arrangements for members of the PDF are *defined benefit* pension schemes.

The main benefits are:

- **a retirement pension,**
- **a retirement lump sum (gratuity) or death in service lump sum, and**
- **spouses'/civil partner's and children's contributory pensions.**

There is also provision for immediate retirement benefits if compulsorily retired on medical grounds, and for death in service benefits (dependents pensions and death lump sum.

Pension contributions are payable by the scheme members from their Defence Forces salary towards their retirement and dependants' benefits.

Permanent Defence Force personnel are members of a fast accrual member group. Fast accrual members' benefits generally build up at higher rates, and they are eligible for payment of retirement benefits earlier than standard accrual members. Fast accrual members may also pay employee contributions at higher rates than standard members.

In general, anyone joining pensionable public service employment on or after 1 January 2013 is a member of the **Single Public Service Pension Scheme**. This scheme applies to all military personnel who **join the Permanent Defence Force from 1 January 2013 onwards as first-time new entrants to the public service**. Those arrangements are provided under the Public Service (Single Scheme and Other Provisions) Act 2012 ('the Single Scheme').

Note: The specific pension scheme that applies to new entrant PDF personnel depends primarily on whether the person is joining the Public Service for the first time. In some limited circumstances, different pension terms may apply for personnel who join the Permanent Defence Force (PDF) from 1 January 2013 onwards who are not first-time new entrants to the Public Service and/or have previously been in the public service. See Annex A for details. Any specific queries in this regard should be referred to the Department of Defence.

Membership of the relevant pension scheme is compulsory.

See Annex A below for a summary of the Single Scheme pension terms for new entrants and for details of potential other pension schemes that may apply.

As indicated in Paragraph 14 above the mandatory retirement age for officers varies depending on retiring rank.

- In general, those joining the PDF as new entrant commissioned Officers may, subject to having the required vesting period¹ and to satisfying certain other conditions, qualify for payment of retirement benefits from age 50 (*minimum pension age*).
- Retirement pension (but not lump sum) is integrated with the Social Insurance system – see paragraph (a) of Annex A below.
- There is no cap on the length of time over which members can build pension benefits under the Single Scheme.
- Benefits under the Single Scheme are adjusted in line with increases in inflation

¹ The *vesting period* for the Single Scheme is 2 years, the minimum length of time you must pay employee contributions into the scheme before becoming eligible for retirement benefits.

17. Eligibility to apply

Department of Health and Children Circular 7/2010:

The Department of Health Circular 7/2010 of 1 November 2010 introduced a Targeted Voluntary Early Retirement (VER). It is a condition of the VER scheme that persons availing of the scheme will not be eligible for re-employment in the public health sector or in the wider Public Service or in a body wholly or mainly funded from public moneys. VER recipients are not eligible to compete in this competition.

18. Courses

In order to ensure that they will be competent to carry out the duties of higher rank to which they may be promoted, an Officer will be required to undergo such courses as may be laid down from time to time.

In the case of certain courses which are undertaken at public expense Officers appointed under these conditions may be required to subscribe to an undertaking (or undertakings) that, in the event of them leaving the Permanent Defence Force voluntarily within a specified period from the date of termination of the course, they will refund the cost of such training to the Minister for Defence. Such costs may include pay and allowances paid to them during the period of attendance at the course.

Payment of the amount involved, including the cost of any pay and allowances paid to them during the attendance at the course, must be made in full and up-front i.e. before the actual date of their retirement. However, in every case, the granting of permission to a Commissioned Officer to retire or resign from the Defence Forces is a matter for the appropriate authority in accordance with the relevant provisions of the Defence Act.

19. Annual Leave

Annual leave to the extent of 31 days may be granted to Junior Officers. Senior Officers (Lieutenant Commander and higher ranks) may be granted 43 days leave in accordance with the provisions of Defence Force Regulations (DFR) A.11.

It should be noted that this annual leave provision is currently calculated on a 7 day basis. Leave entitlements may be subject to review and adjustment.

20. Sick Leave

Sick Leave may be granted in accordance with the provisions of Defence Force Regulations A.12 (Medical Treatment) and Defence Forces Regulation S.3 (Pay and Allowances). Sick Leave entitlements may be subject to review and adjustment.

21. Medical attendance and hospital treatment

Primary health care i.e. medical attendance at and treatment by a doctor or primary care medical team in the Defence Forces including e.g. physiotherapy, routine dental treatment etc., some limited in-house secondary care and the provision of medication prescribed by a Medical Officer are provided without charge, subject to any limitations as required by law.

In accordance with Defence Force Administrative Instructions, referral for secondary treatment as a private patient to a consultant or for private treatment in hospital may be made by the Defence Forces Medical Officer or the attending doctor subject to financial sanction and any other limitations as required by law. The medical service provided to members of the Defence Forces is by nature an occupational medical service and as such, services such as cosmetic surgery (where such does not arise from occupational injury), etc. are not provided.

22. Maternity/Paternity Leave

Statutory provisions in relation to Maternity/Paternity leave apply in the Permanent Defence Force. Officers claiming maternity/paternity benefit payments from the Department of Social Protection will be required to sign over these payments to the Department, which will then refund the tax, PRSI, and Pension related deduction on these amounts to the Officer.

23. Pay and Allowances – Benefit in Kind

Certain pay and allowances, are currently the subject of a review by the Revenue Commissioners. The tax status and taxation of any benefit, payment or allowance paid to members of the Defence Forces as may be determined by the Revenue Commissioners from time to time is a matter, between the individual taxpayer and the Revenue Commissioners and must be disclosed by the individual to the Revenue Commissioners.

The Department will not be liable for the financial impact, positive or negative, of any change in the tax status of any current payment, allowance or benefit paid or made available to members of the Defence Forces, or any determination of their tax status, as may be directed by the Revenue Commissioners from time to time.

RETIREMENT BENEFITS

Introduction

(A) Single Public Service Pension Scheme

In general, anyone joining pensionable public service employment on or after 1 January 2013 is a member of the Single Public Service Pension Scheme. This Scheme applies to all military personnel who join the Permanent Defence Force (PDF) from 1 January 2013 onwards as first-time new entrants to the Public Service. The Single Scheme also applies if you are a former pensionable public servant who re-joins the Public Service in a pensionable position on or after 1 January 2013, with a break of more than 26 weeks between public service employments. These arrangements are provided under the *Public Service (Single Scheme and Other Provisions) Act 2012* ('the Single Scheme').

Note: In some limited circumstances, different pension terms may apply for personnel who join the Permanent Defence Force (PDF) from 1 January 2013 onwards who are not first-time new entrants to the Public Service and/or have previously been in the public service. Some details are given below but any queries in this regard should be referred to the Department of Defence.

(B) 'Post-April 2004' Defence Forces Pension Schemes

In some cases, the 'post-April 2004' Defence Forces pension scheme arrangements may apply. This Scheme generally applies to military personnel who joined the PDF **between 1 April 2004 and 31 December 2012**. Those arrangements are governed by the *Public Service Superannuation (Miscellaneous Provisions) Act 2004*.

These 'post-April 2004' pension scheme arrangements may apply to anyone who has worked or is working in other Irish public service pensionable employment, and who is not a *new entrant* as defined under the Single Scheme. For example, if you joined the Public Service before 1 January 2013 and have either, (i) been working continuously there, or (ii) left that public service employment and return after a break of less than 26 weeks, you will be a member of a relevant 'post-April 2004' Defence Forces pension scheme.

(C) 'Pre-April 2004' Defence Forces Pension Schemes

In certain very limited circumstances, the 'pre-April 2004' pension scheme arrangements may apply.

Where a person joining the PDF is not a *new entrant* as defined:

- under the 2012 Act (see paragraph (a) above); or
- under the 2004 Act (see paragraph (b) above),

the pre-April 2004 Defence Forces superannuation arrangements may apply.

Single Scheme – summary of main elements for PDF members

- It is a *defined benefit* scheme based on *Career-Average Earnings*.
- Retirement benefits – pension and lump sum – are primarily based on % of *pensionable earnings* throughout your public service career as a Single Scheme member.
- PDF members pay a 7.5% employee contribution from salary towards their Single Scheme benefits, as well as an *Additional Superannuation Contribution (ASC)* – see **Notes 1 and 2 below**.
- Each year of your PDF Single Scheme membership, you build up money amounts on a *fast accrual* basis towards your Single Scheme retirement benefits. The total of these amounts at retirement, with adjustments for increases in inflation (as measured by increases in the Consumer Price Index (CPI) produced by the Central Statistics Office), determines what your retirement benefits will be.
- Single Scheme retirement benefits are payable immediately on retirement from the PDF if you serve to the *minimum pension age* of 50, and have the required *vesting period of 2 years*².
- If you finish employment with the PDF before age 50 and have the required vesting period, payment of your retirement benefits is normally *deferred* to the qualifying age for *Contributory State Pension (CSP)*³ from the Department of Social Protection.
- Retirement pension (but not lump sum) is *integrated* with the Social Insurance system – see paragraph (a) below.
- There is no cap on the length of time over which members can build pension benefits under the Single Scheme.
- Transferring retirement benefits to Single Scheme from other employments:
 - The option for a member of the Single Scheme to transfer-in benefits from private sector pension schemes is generally available, subject to certain terms and conditions.

² The *vesting period* for the Single Scheme is 2 years, the minimum length of time you must pay employee contributions into the scheme before becoming eligible for retirement benefits.

³ The current qualifying age for all State Pensions is 66.

- If, before joining the Single Scheme, you hold deferred retirement benefits from previous employments under a ‘pre-2013’ Public Service pension scheme, you cannot transfer those benefits to the Single Scheme. Those benefits remain to be administered under your earlier pre-2013 pension scheme.
- If you hold deferred benefits under the Single Scheme from an earlier Single Scheme employment, you do not need to arrange for their “transfer” because it is the same Single Scheme in place across the Public Service.
- There is provision for immediate retirement benefits if compulsorily retired on medical grounds, and for death in service benefits (dependents pensions and death lump sum).
- Following retirement, increases to Single Scheme pension are linked to inflation.

(a) Integration of retirement pension with the Social Insurance system:

New entrants to the Public Service on or after 6 April 1995, including Commissioned Officers in the PDF, are insurable for full PRSI. For this reason, public service retirement (or spouse's / civil partner's) pensions are subject to *integration* with the State Social Insurance system in accordance with standard Public Service arrangements.

This means that a person's entitlement to the range of Social Insurance benefits (including the Contributory State Pension) is taken into account when calculating the amount of retirement pension payable. In an integrated pension scheme, the Contributory State Pension (CSP) is regarded as part of the employee's total pension package. Under standard Public Service arrangements, this integration of retirement pension with the Social Insurance system applies from the time the retirement (or spouse's / civil partner's) pension commences payment.

This means the retirement pension is adjusted (reduced) from the start by a Social Insurance State Pension *offset*⁴, regardless of whether the person has reached Contributory State Pension age. Integration applies to retirement pension and also to employee contributions, but not to retirement lump sum.

A Contributory State Pension becomes payable upon reaching the qualifying age. The *Public Service (Single Scheme and Other Provisions) Act 2012* (the 2012 Act), does not provide for the payment of a ‘supplementary retirement pension’ in the period between Defence Forces mandatory retirement age and State Pension qualifying age.

⁴ The current value of the Contributory State Pension (CSP) reduction is €265.30 per week / €13,795.6 Annually

(b) Employee pension contributions:

- **Note 1** – The 7.5% Single Scheme contribution is comprised of 4.2% of *net pensionable remuneration* (which means pensionable remuneration less twice the maximum rate of State Pension Contributory payable from time to time to a person who has no adult or child dependants) plus 3.3% of pensionable remuneration.
- **Note 2** – Subject to certain exemption thresholds, all Public Servants who are in pensionable employment – including members of the PDF – are also liable to pay an *Additional Superannuation Contribution (ASC)*. The ASC is separate from the standard employee pension contributions mentioned above. No additional superannuation benefits are earned as a result of the ASC. The ASC applies to pensionable earnings above certain thresholds at different bands and % rates depending on the pension scheme applicable to the member. From 1 January 2020, the ASC bands / rates are as follows:

Additional Superannuation Contributions
All Public Servants who are members of the Single Public Service Pension Scheme
First €34,500 of pensionable earnings – exempt
Next €25,500 @ 3.33%
Balance @ 3.5%

(c) Declarations:

Under the *Public Service (Single Scheme and Other Provisions) Act 2012* (the 2012 Act), candidates are required to declare:

- any prior Public Service employment, or
- any pre-existing entitlements to a Public Service retirement benefit (whether already paid, in payment or deferred), or
- any existing remuneration from any other Public Service employment, or
- any such employment in which they received a payment-in-lieu of pension for that service.

Pension abatement:

If a person was employed previously in the Public Service and is in receipt of a pension from the Public Service, the 2012 Act provides for the *abatement* (i.e. reduction / suspension) of any Public Service pension on re-employment within the Public Service, even where the new employment is in a different area of the Public Service. The outcome will depend on factors such as a person's ongoing overall earnings from the Public Service by way of salary plus pension.
